

RETURN MERCHANDISE FORM: DO NOT DISCARD!

Exhausts and Chrome Accessories: Exhaust systems and other chrome accessories should be thoroughly inspected for defects in the chrome or other damage PRIOR to installing onto the bike. If any defects in material or workmanship are detected you must inform us immediately of the defects and wait for further instructions. Once you have installed the pipes or other chrome accessories they are not returnable unless fitment defects are discovered when trying to install them. This does NOT include scratches and blemishes to the chrome, which as stated earlier, must be detected and reported to us BEFORE installation begins.
